Brothers and Sisters,

The bargaining survey and contract proposal forms are live now. It is especially important that a high percentage of members complete the survey. The higher the percentage that takes the time to complete this survey does two things. First it helps your rank-and-file committee better determine your priorities and second an overwhelming response shows the company, as a group, we are ready to enter bargaining solidly together.

The survey can be found here and will be open until January 31st.

The contract proposal form will likewise be open to January 31st and can be found here.

Thank you for taking the time to engage in this critical aspect of bargaining.

Fraternally,
