

UNITED AIRLINES PLANNERS NEGOTIATION UPDATE – March 23, 2023

Brothers and Sisters,

After a year of negotiations, the committee can now announce we've reached an Agreement in Principle for your first contract. The parties will move quickly to ensure the language agreed upon reflects what was discussed. As soon as the language is finalized, this will be converted to a Tentative Agreement to be shared with you immediately at that time. We anticipate the conclusion of the language edits will take less than two weeks. We will then begin the ratification process which takes about three weeks giving you an ample amount of time to review the deal to determine if it is acceptable before casting your vote. As soon as all the timelines are known they will be shared with you.

Fraternally,

Bob Fisher
Airline Division
International Brotherhood of Teamsters
