

**AIR CANADA
NEGOTIATIONS UPDATE – MAY 18, 2023**

May 18, 2023

Dear Sisters and Brothers,

Another productive week of negotiations concluded in Fort Lauderdale, where the committee worked to resolve issues identified by the members, reaching the conclusion of non-economic discussions.

The committee was able to reach tentative agreements on all non-economic items, and we look forward to entering economic discussions. Bargaining is scheduled to resume with the Company in June.

The committee will continue to provide updates as we seek to improve the current agreement.

I would like to thank the committee for its continued efforts and hard work on your behalf.

Fraternally,

Bob Fisher
Airline Division Representative
International Brotherhood of Teamsters
